Networking Hint from the CDO
Don’t wait until you are in an active job search to start thinking about what shape your résumé is in. It is a best practice to review and update it regularly, perhaps aligned with your annual performance review process, making notes of significant accomplishments or new skills mastered. Check out the Yale SOM résumé and cover letter resources on the Alumni Portal if you’re ready to take this on! If you would like to speak to a career coach about how to incorporate new experiences or stories into your résumé to better communicate your professional brand and offer, log into CMS through the Careers page of the Yale SOM Alumni portal to book an appointment.
