[Webinar] Systems Entrepreneurship for Social Change

[Image]

Complex social problems are the subject of our day-to-day experiences: they engage us, challenge us, draw us in, and push us out, often challenging us. As a result, we are constantly reminded that the ECSM offers solutions but that the system is not optimized and opportunities for social change are possible. Being engaged with systems and people is a skill and a practice.

Register for the webinar on August 11 at 1:30 PM ET.

Admissions Candidate Referral Program: New Haven Getaway Winner Announced

Last year, we launched a new program to enable alumni to refer prospective students they feel would be a great fit for any of Yale SOM's portfolio of degree programs. Alumni whose referred candidates applied, were admitted, and enrolled at Yale SOM were entered into a raffle to win a New Haven getaway (train/airfare and two nights in a hotel) for the dates of their choice (e.g., Reunion, Family Weekend Getaway, or a weekend getaway).

Among the alumni who referred candidates, one alumni was selected to win the grand prize.

Her name is Jenna Pettit, and she is the 2020 Getaway Winner!

Getaway Winner Announcement

Jenna is an executive at KPMG in Chicago. She is passionate about social impact, and her work with the Chicago Public Schools Foundation has empowered her to pursue her passion.

Thank you to all of our alumni who participated in the Candidate Referral Program last year. Your generosity and support make this program a reality.

Yale SOM Exchange is the Yale School of Management's virtual community — an online meeting place. The site promotes discussion and interaction between SOM students, alumni, faculty, and friends. Visit the site and get involved! Register for the webinar on September 4 at 12 p.m. ET.
